

EMBASSY OF GHANA
TOKYO

IMPORTANT NOTICE

The Embassy of Ghana in Tokyo wishes to inform all Ghanaians visiting and living in Japan to take note of this important information regarding natural disasters in Japan.

Types of Natural Disasters

- **Earthquake**
- **Tsunami**
- **Flood**
- **Typhoon.**

PREPARATIONS BEFORE A DISASTER

How to prepare before a disaster?

For Ghanaians visiting or living in Japan, you are advised to download the NHK world app (English version) to receive alerts whenever there is a natural disaster.

You can also download the Disaster Preparedness Tokyo App to guide you in preparing for a natural disaster.

PREPARATIONS

To be adequately prepared you will need the following;

- **At least a two weeks supply of drinking water (4 liters per person per day)**
- **A month supply of emergency food items and check their expiry dates regularly.**
- **Battery operated radio**
- **Batteries for flashlights, flashlights, can opener, raincoat, blankets. etc.**
- **Essential medical supplies**
- **First aid kit with instructions in your preferred language.**
